Please check the applicable box or boxes. This is an application for support for:

- Purchasing research equipment and supplies;
- Paying study participants and/or research assistants;
- Expenses associated with the planning and execution of an interdisciplinary workshop, conference, or seminar;
- Supplementing other project costs;
- Other academic activities - Please explain in a few sentences

As you complete the following sections of this application...

1. Please know that your proposal will be reviewed by a committee whose members are drawn from a variety of disciplines. Please avoid specialized discipline-specific vocabulary whenever possible. Where such terminology or language is felt to be required, please define each usage in language appropriate to a general academic readership.
2. Please adhere to page (or word number) limits where indicated and please use a standard font type and size wherever and whenever possible.
3. Please offer a clear account of the role to be played by personnel for whom salary is requested. And please include a budget justification, i.e., what the funding will support.
4. Please remember that funding can be awarded only for a single year at a time.

Project title:

Project start date:

Project end date:

Total funds requested from MBB:

Are any other funds available for this project?: _____ Yes _____ No
If yes, what source(s)?

What is the total amount available from other sources?

Have you received an MBB faculty award in the past?

If yes, when?

If you are applying for support for research expenses, please complete this section.

A. Technical description (no more than 300 words)

Please provide a succinct description of the problem, background theory, relevant hypotheses and planned methods.

B. Non-technical description (no more than 300 words)

Using non-technical terms, please describe the set of questions that your project aims to address and the methods you will use to answer them. Describe how this work fits with the mandates of MBB, focusing especially on its interdisciplinary nature.

C. Detailed project description

Please include a more detailed description of your proposed project (approximately 3 to 5 pages), including background, aims and hypotheses, methods, data collection and analysis (where appropriate), any preliminary or anticipated results, how this research is relevant to MBB, and any other information that you would like the review committee to consider.

If you are applying for support for developing and launching a workshop, conference, seminar, symposia, course, or other non-experimental project, please provide the following:

- A. **Introductory summary/hypothesis**
- B. **Background information, including any preliminary work for this project**
- C. **Significance, expectations, possibilities, alternative perspectives**
 - Projection of themes likely to arise from the effort that will be carried forward jointly within the two or more disciplines;
 - For symposia, workshops, etc., please comment on whether a potential cadre of interested faculty or students has been identified;
 - For symposia, workshops, etc., please comment on whether the subject or topic matter is substantially mature with cogent texts/sources already available;
 - For symposia, workshops, etc., please comment on whether a set of likely and plausible speakers has been identified/approached.
- D. **Statement of relevance for MBB (why MBB should support the project)**
- E. **Progress report if this is a request for a second year of funding**

Application Packet Checklist

- ___ This application form
- ___ Budget page
- ___ Applicable supporting documents

Please email a pdf version of this application packet to kimberly_maguschak@harvard.edu by April 29, 2016.
